Dear Malcolm,

Scone Barrel Drain and General Drainage

In April and August 2014 you attended meetings regarding the above matter, along with Alastair Cargill and Brian Roxburgh.

During these meetings either you or another SEPA representative raised the matter of definition of the “barrel Drain”.

It was uncertain as to whether this could be classified as a “Drain” or a “Watercourse”.

You will be aware that there are still ongoing concerns with this barrel drain and it would be most helpful if you could –

- Define a “drain”
- Define a “watercourse”
- If possible clarify which category is applicable to the “barrel drain”.

We trust that you will be able to assist in this matter.

Yours sincerely
For Scone & District Community Council
